1.

Introducing the All New Griffin Dominator Series Radiators.

The new Dominators feature an industry leading two rows of 1.25" tube designed for maximum cooling. Formed tanks, transmission cooler, and optional fan & brackets make the new Dominator the perfect fit for any application.

The Griffin Dominator Series Radiators are DIRECT FIT !

Dominator radiators are currently available for nearly 5000 popular makes and models.

Cooling your high horsepower muscle car is now a do-it-yourself bolt in project!

On the track or on the road Griffin Dominators perform!

Whether you like to take a Sunday cruise or head to the drag strip for the weekend, the new Griffin Dominators are for you. They are the perfect balance of performance and reliability allowing you to stay cool on the track and at the stop light.

Drive it, that's why you bought it!

The Dominator radiators will cool your car on the track, *and keep it cool while you drive it home from the track!*

Because we can.....

Griffin engineering dug into our OEM radiator collection to find original samples to base the Dominator line on. Through this process we can assure you that a NEW Griffin Dominator will bolt directly into your stock vehicle just like its OEM component. Griffin Dominators Take ALL the Guessing Out of Cooling!

Inlet / Outlet

TR = Top Right
 TL = Top Left
 BR = Bottom Right
 BL = Bottom Left

LS Conversion

Add (-LS) to the end of any Dominator for LS positioned inlet / outlet.
 (Example: 8-00019-LS)

Trans. Cooler

Dominators with transmission coolers are noted by the (7) after the first dash in the part number. (Example: 8-70019)
