Safety, Quality, Comfort and Style, PYROTECT Racing Safety Equipment has it all. PYROTECT offers a complete line of quality safety equipment for Racers, Race Crews and Track Safety Personnel. PYROTECT is proud to continue to uphold our pioneering tradition of providing the finest quality safety equipment and service available. From the early days of racing up to today, we continue to strive to stay out front in the development of innovative advances in auto racing safety.

With our new facility in Central Oregon, we have considerable warehouse space and room for growth. Our personnel has years of experience and continues to uphold our pioneering tradition of providing the finest quality safety equipment and service available. For excellent service call: 800-669-2355 or fax: 541-389-1151 email: support@pyrotect.com.

Pyrotect Racing Safety Equipment – Since 1972

PYROTECT RACING HELMETS

PYROTECT offers yet another first in the safety equipment industry, the SA2010 PRO AirFlow Helmets. PYROTECT has been the auto racing industries most innovative manufacturer of driver safety products for over 35 years.

The real innovation offered in the SA2010 Pro AirFlow Series helmets is the convenient, easily removable ribbed

head liner and cheek pads. The PRO Airflow provides drivers with features for added comfort, fit, ease of use, and the ability to adjust and maintain their helmets' interior.

The weight and comfort of the PYROTECT Pro AirFlow helmet provides the coolest, extra low fogging solution of any helmet available in racing today.

HELMET SIZING CHART

Helmet Size	Inches	Hat Size	Metric (cm)
Junior – XXXS, XXS, XS	19 1/2 - 20 1/8	6 3/8 - 6 5/8	48 - 51
X Small	20 3/8 - 21 1/8	6 5/8 - 6 3/4	52 - 54
Small	21 1/8 - 22	6 3/4 - 7 1/8	54 - 56
Medium	22 - 22 7/8	7 1/8 - 7 3/8	56 - 58
Large	22 7/8 - 23 5/8	7 3/8 - 7 1/2	58 - 60
X Large	23 5/8 - 24 3/8	7 1/2 - 7 3/4	60 - 62
XX Large	24 3/8 - 25 1/8	7 3/4 - 8	62 - 64

TO ENSURE AN ACCURATE FIT. Please use the chart above to order your correct helmet size.

MEASURING INSTRUCTIONS. Carefully measure around your head, above the ears. Take the measurement, in inches or centimeters, referring to the sizing chart above for your correct hat/helmet size. Helmet must fit properly for optimum performance.

Don't guess your size. Helmet must be securely and snugly fastened before engaging in any activity.

PYROTECT "SA" RATED HELMETS

PROTECTIVE WEAR

INNER WEAR SFI APPROVED

PYROTECT's ultra thin INNER WEAR is designed for use with any driving suit, and is as soft as cashmere and as absorbent as cotton! Talk about comfort... No more scratchy, irritating Nomex (fiberglass) next to the skin and the absorbency keeps you cool and dry. It is SFI rated (SFI label attached) for use as underwear, but is also designed so it can be worn under Nomex underwear for added TPP protection. crew uniforms for fire protection).

*For pull up add "U" to end of part no., for pull down add "D" to end of Part No.
*Wrap mount standard - order-mounting hardware separately

ARM RESTRAINTS

These are our Professional Series Arm Restraints and are Nomex covered HD foam with adjustable length nylon straps. Box stitched strapping may be attached to separate rings for individual use or to a common ring for "Y" attachment to lap belt. Secure at the forearm, and adjust length so arm/hand cannot extend outside of protective cage or roll bar/side brace safety zone in formula cars.

Available in: Black, Red or Blue

Description	Black	Red	Blue
Adult	H700201	H700202	H700203
Junior	J8510	J8520	J8530

HELMET RESTRAINTS

Our 1" adjustable helmet restraint reduces strain on a driver's neck. Relief is obtained by looping the Helmet restraint under the drivers armpit and attaching the quick release connector to the D-ring on helmet. A must for short track driver comfort. For use on helmets with left side D-rings.

Available in: Black, Red or Blue

Description	Black	Red	Blue
Helmet Restraint	12500001	12500002	12500003

REPLACEMENT CHEEK PADS/LINERS

The real innovation of the PYROTECT SA05 helmets is the convenient, easily removable/replaceable liners and cheek pads. This feature allows drivers options for comfort, fit, ease of use and the ability to adjust and maintain their helmets' interior.

We have two actual shell sizes XS thru medium and large thru XXL in the XS thru medium, the thickest pad is XS and the thinnest medium. In the large thru XXL, the thickest pad is large and the thinnest XXI.

LINER

Liner for FF or OF helmet - specify size

CPFF

Cheek pads for full face helmet - specify size

CPOF

Cheek pads for open face helmet - specify size

When ordering specify Burgandy or Black.

PRO AIR FLOW HELMET REPAIR KIT

Pyrotec recommends that you use new washers and pivot screws every time you change or replace your shield.

VENT KIT

Replacement vent piece, Adjustable, Black, sold in pairs.

PIVOT KIT

Shield Pivot Kit for FF, SA & M helmets, included Cam washer, washer, and screws.

TEAR OFFS

PYROTECT Tear Offs are Super Thin (.002) Thick (.005) and are used in open or formula cars to prevent oil and dirt accumulation. Our special clear optical material eliminates the "rainbow" effect. Will fit all PYROTECT & BELL shields.

Description	.002 / 200 ea.	.005 / 100 ea.
Pyrotec Tear Offs	13900010	13900020

Description	.002 / 7 lyr	.004 / 3 lyr
Racing Optics Tear Offs	13910010	13910011

RACING ACCESSORIES

NECK BRACES

Collars that are contoured for your specific application, designed to fit the base of your helmet and allows greater air circulation around the neck. Manufactured using high density (HD) fire retardant foam with removable covers that make them easy to remove and clean.

Available in: Black, Red or Blue.

Description	Black	Red	Blue
Contoured	30300011	30300012	30300013
Straight	30300006	30300007	30300008
Junior Contoured	JX8601	JX8602	JX7603

ADJUSTABLE "H" PADS

NEW! The adjustable Velcro cross strap should be set to the width of your neck - this prevents side movement of belts – especially if belts are not secured directly behind the driver to the roll cage mounting bar. 1/2" thick XHD fire resistant foam is used for maximum comfort. Quick Velcro installation or removal. (Cross web fits just behind drivers neck and may help driver being ejected from belts in an incident).

Available in: Black, Red or Blue.

Description	Black	Red	Blue
"H" Pads	H610001	H610002	H610003

HARNESS PADS

Nomex covered 1/2" thick XHD fire resistant foam for maximum comfort. Velcro mounting wrap around mount for easy installation and cleaning.

Available in: Black, Red or Blue.

Description	Black	Red	Blue
Harness Pad	H600001	H600002	H600003

BREATH DEFLECTOR

Cloth, flexible, racing breath deflector is simple to install or remove, and is designed to direct breath down and away from the face shield to reduce fogging.

Description	Part No.
Breath Deflector	12000005

GEAR BAGS

PYROTECT durable fleece lined nylon helmet bag, protects your helmet by keeping it clean and safe when not in use. Roomy nylon gear bag, with 4 separate compartments. Comes with hand and shoulder straps. Available in black only.

Description	Part No.
Gear Bag	B00000050
Helmet Bag	B21000011
